

Cozumel Palace

Location: Island of Cozumel, Mexico

Resort Type: Family Friendly

Resort Summary

Cozumel Palace is a luxurious all-inclusive resort located on the island of Cozumel, directly on the waterfront with stunning views of the Caribbean Sea. It's a fantastic option for travelers who love the water, as it's particularly well-known for its diving and snorkeling opportunities, with access to the world's second-largest barrier reef right off its dock. The resort is also family-friendly, offering amenities like a kids' club called "The Playroom" and multiple pools. Its location is a key highlight, as it's within walking distance of downtown San Miguel, allowing guests to easily explore the island's local shops, restaurants, and culture.

The all-inclusive package at Cozumel Palace is comprehensive, covering meals at its four restaurants, snacks, top-shelf beverages, and 24-hour room service. Unlike some other resorts, it doesn't have a natural, sandy beach, but it does offer a small man-made beach area and direct access to the ocean from its dock. Activities included with your stay range from non-motorized water sports like kayaking and paddleboarding to nightly entertainment. Another major perk for guests is the "exchange privileges" with other Palace Resorts properties, such as Playacar Palace in Playa del Carmen, which you can easily get to via a short ferry ride from a nearby terminal.
